**Overall evaluation (Tick the most appropriate for your decision)**

- [ ] □ Excellent       Present an important new approach, new ideas or new information.
- [ ] □ Good             Improves significantly on previous work of its type or contains new interesting information.
- [ ] □ Average          Good work but contains little novelty and may be of limited interest to more readers.
- [ ] □ Routine          No errors, but likely to be of interest to local readers, not of international interest.
- [ ] □ Flawed           Contains serious flaws in e.g., project designs, data analysis or presentations.

**Recommendation (Tick whichever is applicable)**

- [ ] □ Accept subject to minor revision. Not requiring reconsideration by referees. [ √ ]
- [ ] □ Possibly acceptable after moderate revision. Possibly requiring reconsideration by referees.
- [ ] □ Not accepted, major revision required. Possibly with the opportunity resubmission.
- [ ] □ More suitable for publication in a different journal.
- [ ] □ Not acceptable for publication in the IJMSBR.
